World Bank Project Management & Procurement Framework For Development

Date: September 27 - October 4, 2024
Location: Washington D.C, USA

World Bank Project Management and Procurement Framework for Development

Are you involved in World Bank-funded projects and seeking to enhance your procurement expertise? Our five-day intensive training is designed to equip you with the knowledge and skills to navigate the complexities of World Bank procurement for works, goods, and services.

Gain a deep understanding of the World Bank's procurement regulations, from planning and strategy development to contract management and dispute resolution. Learn to apply best practices, mitigate risks, and ensure transparency and accountability in every step of the process.

EMPOWER YOUR ORGANIZATION WITH IDI

Discover a comprehensive training and capacity-building program designed to elevate your institution to new heights. Our curriculum focuses on critical areas of world bank's public procurement procedures all aligned with global best practices. By partnering with us, you'll gain a competitive edge through expert-led instruction, hands-on learning, and a strong network of industry peers. Our customized approach ensures that your team develops the precise skills needed to thrive in today's dynamic landscape. Don't miss this opportunity to unlock your organization's full potential. Enroll today and experience the transformative power of our training programs.

Key Benefits

- Master the intricacies of procurement methods and procedures
- Develop effective strategies for procurement planning and implementation
- Build confidence in contract management and dispute resolution
- Enhance your ability to deliver value for money and achieve project objectives
- Expand your professional network and gain industry insights

Our expert trainers will provide real-world examples, case studies, and interactive exercises to bring the learning to life. By the end of the training, you will be equipped to confidently manage World Bank procurement processes and contribute to successful project outcomes.

Training Objectives

The training aims to:

- Provide a comprehensive understanding of the World Bank's procurement regulations and guidelines.
 - Enhance participants' knowledge of procurement planning, preparation, and implementation.
 - Build capacity in procurement methods and techniques.
 - Develop skills in contract management and dispute resolution.
 - Foster a culture of integrity, transparency, and accountability in procurement.
- 

Training Outline

Module 1: World Bank Project Management (Day 1 and 2)

This module will offer a comprehensive overview of World Bank project management principles and practices for two days. Participants will gain valuable insights into the key stages of the project cycle, including project preparation, appraisal, implementation, and evaluation. By the end of this program, participants will be equipped with the essential knowledge and skills to effectively manage World Bank projects, contribute to sustainable development, and make a lasting impact. We will deep dive into:

Topic 1: Project Preparation, Design and Appraisal

- Understanding the World Bank Project Cycle
- Project Identification and Screening
- Project Preparation and Design
- Project Appraisal and Approval
- Project Procurement Strategy for Development (PPSD)

Topic 2: Project Implementation

- Procurement Planning and Implementation
- Contract Management and Dispute Resolution
- Disbursement and Financial Management
- Monitoring and Evaluation
- Risk Management

Topic 3: Project Monitoring and Evaluations

- Project Monitoring Framework
- Performance Indicators and Targets
- Data Collection and Analysis
- Results-Based Management
- Lessons Learned and Knowledge Sharing

Upon Completion of this program, participants will be able to:

- Apply the World Bank's procurement framework effectively
- Develop sound project designs and strategies
- Manage procurement processes efficiently and transparently
- Monitor and evaluate project performance
- Mitigate risks and ensure project sustainability
